

Seabadge is intense leadership and management training focused on the “how-to” aspects of managing a successful youth led Sea Scout program. While Seabadge was developed as an advanced leadership training program for experienced Sea Scout adult leaders the course is open to all adult Scout leaders. The driving theme for the training is to “Focus on Youth”, which makes the course especially valuable for any Scout leader dealing with older youth.

Seabadge does not cover topics like boating, knots, or other program-related materials found in the Sea Scout Manual.

### **Overview & Purpose**
